FOR IMMEDIATE RELEASE

Work Set to Begin on State Route 12/113 Solano County Roundabout Project Birds Landing Road Temporarily Closed As Early As May 2, 2019

SOLANO COUNTY—Caltrans is scheduled to start construction work on the State Route 12/113 (SR-12/113) roundabout located between Rio Vista and Suisun City. During the first stage of construction, Birds Landing Road will be temporarily closed as early as May 2 through mid-May 2019.

During the temporary closure of Birds Landing Road, changeable message signs will direct traffic and a detour will be in place. Details of the detour are to follow. Caltrans will make an announcement when the re-opening date for Birds Landing is determined.

The Birds Landing closure will be in place during only the first stage of construction. After Birds Landing re-opens, construction is scheduled to continue through the fall.

During construction, at least one lane of both SR-12 and SR-113 will remain open at all times. Lane closures on SR-12 and SR-113 will be at night only. Motorists are advised to slow down and follow the posted speed limit of 25 mph in the work area.

Changeable message signs and flaggers will be on hand to assist traffic during the daytime operations for work that requires lanes to be re-configured. Most of the work is scheduled to be performed between 7:00 AM and 4:00 PM., weather permitting and subject to change.

There will be intermittent night work with lane closures, one-way traffic control and detours. Caltrans will provide additional information regarding specific times and dates as it becomes available. All work is weather permitting. Motorists are advised to slow down and watch for lane shifts as they approach the work site.
